RESPONSE TO RESTRICTION  
REQUIREMENT AND PRELIMINARY  
AMENDMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the Restriction Requirement mailed June 25, 2002, Applicants elect, with traverse, to prosecute the claims of Group I, claims 1-15, 31 and 63, drawn to a nucleic acid of SEQ ID NO:2, encoding SEQ ID NO: 1, a vector, a host cell, and a method of producing a polypeptide. Applicants' election is made with traverse as examination of the subject matter recited in the claims of Groups I-VIII would not place a substantially greater burden on the Examiner.

Further, in response to the Species Election, it is Applicant's understanding from the Office Action that a species election is only applicable if Group VI is selected. Since Group I was selected, Applicants believe that a species election is not required.

Prior to examination of the above-referenced application, please enter the following amendments and remarks.
